EDUCATION

University of Cambridge

Master of Philosophy (Mphil), Finance and Economics

Cambridge, UK

Sep 2023 - Apr 2025

- **Coursework:** Asset Pricing, Corporate Finance, Quantitative Asset Management, International Economics
- **Dissertation:** By integrating LSTM predictions into momentum strategies, this research project enhanced risk-adjusted FX returns, identifying carry trade as the most resilient and purchasing power parity as the lowest-risk approach.

University of Toronto

Bachelor of Commerce, Finance and Economics (GPA: 3.96/4.00)

Toronto, Canada

Sep 2019 - Jun 2023

- **Honors:** Adams Gold Medal Graduation Award, Grace Victoria Becker Scholarship, 4-year Dean's List Scholar, UT Scholar Award
- **Certificates:** Canadian Securities Course Level I & II (CSC), CFA Level I, ACCA passed 6/13 exams
- **UBS Research Project:** Conducted independent research on China's coffee industry and downstream coffee providers, producing visualized research reports for institutional clients with predicted share prices of the target companies.

PROFESSIONAL EXPERIENCES

Societe Generale Corporate & Investment Banking

Corporate Finance Analyst - Trade Commodity Finance

Hong Kong, China

Jul 2024 - Dec 2024

- Conducted comprehensive credit applications for 10 corporate clients, including financial spreadsheets, facility overviews, market updates, in-depth company research and risk-return analyses, facilitating client annual review and streamlining credit approvals.
- Managed 2 clients onboarding with loan origination, performed due diligence, and prepared detailed transaction checklists and legal documentation to ensure compliance and risk management efficiency.
- Calculated Risk-Weighted Assets (RWA) using Basel frameworks and monitored loans and letters of credit (LCs), reporting on commodity prices, cost of funds, stock movements, and transaction details for diligent portfolio monitoring.

London Stock Exchange Group (LSEG)

Business & Economic Data Analyst

Beijing, China

Jul 2023 - Aug 2023

- Analyzed economic trends and financial markets, producing insightful reports that informed strategic decisions.
- Developed client-facing presentations using PowerPoint and conducted detailed analyses in Excel to produce impactful reports on US-China financial landscapes, RMB internationalization, and social and real estate market trends across China, US, and Japan.

Qian He Capital Management

Investment Summer Analyst

Beijing, China

Jun 2021 - Jul 2021

- Conducted rigorous research and analysis within the global lithium extraction sector, leading to enhanced understanding of market trends and investment opportunities.
- Screened investment opportunities among publicly listed and private lithium firms, evaluating factors including product competitiveness, share structures and financial performance. Filtered out one company to advance to the next phase, which was accepted by the portfolio management team.
